

“Open your mouth . . . and defend the rights of the afflicted and needy.”
Proverbs 31:9

There are none more needy in our day of scientific accomplishment, coupled with greater and greater “legal bullying” by the courts, than the UNBORN and the fatherless and unprotected JUST BORN. The horrific unbridled comments of Planned Parenthood’s practices reveal this. The harvesting of baby parts for sale by line item like auto parts in a junkyard is the unfathomable result of a godless politic fueled and defended by the lie of the theory of evolution. Thus before our very eyes this land of unparalleled freedom, under the bullying of immoral men and women, is being “morphed” by the courts [in motion pictures and animations changing one image or shape into another through a seamless transition] against the will of the majority of its citizenry into a culture more degenerate than Hitler’s Germany or Stalin’s Soviet Union. Who has ever read of the likes of what we have spewing forth from the mouths of PP “doctors” and administrators? At the same time, the machinery of an anti-God media and public “education” prepares a more and more receptive youth. Lord Jesus, have mercy.
